Choose Size"]; D --> E["Shipping Conf  
Check-Out"]; E --> F["Check-Out Page  
Payment Info Input"]; F --> G["Delivery Page  
Address/Instructions Input"]; G --> H["Purchase Button Click"];
```

The flowchart illustrates the online shopping process. It begins with the 'Front Page of Store' where users can 'Log-in / Search for product (wishlist)'. This leads to the 'Product List' where a user 'Choose One' item. The next step is the 'Product Page' where the user 'Read Description'. From there, the user goes to another 'Product Page' to 'Choose Size'. This leads to the 'Shipping Conf' (Confirmation) page where the user 'Check-Out'. The process continues to the 'Check-Out Page' for 'Payment Info Input', followed by the 'Delivery Page' for 'Address/Instructions Input'. Finally, the user clicks the 'Purchase Button'.
